June 18, 2010

Dear Parents,

As the school year draws to a close, there are a few items that we would like to bring to your attention that will go into effect next year.

- Enrollment for the next school year is doing well!

We have two big projects for the summer:

- Replacing all the windows throughout the school. This is a very huge undertaking but it is definitely needed.
- Painting the interior of the school building classrooms and corridors (The cafeteria and gym were painted two years ago).
- Mrs. Conroy, our fifth grade teacher, is not returning in September as she will be staying home with her baby son, Owen. Miss Sara Sizer who has been substituting for Mrs. Conroy will be the fifth grade teacher in September.
- Mrs. Laura Coppeto, our eighth grade teacher, is moving to California to be closer to her family (she has lived at quite a distance for several years). Ms. Elizabeth Boyle, who has been teaching for 8th grade for fourteen years, will be teaching the 8th grade in September.

We would like to thank Mrs. Conroy and Miss Coppeto for their service to Saint Margaret School and wish them the best.

Summer may bring some other minor improvements; we will keep you updated. There will be a school packet coming in the mail in August with beginning of school information.

Have a wonderful relaxing and safe summer. You will be in our prayers. Thank you for a great school year. We have wonderful children at St. Margaret School.

Sincerely,
Sister Corinne and SMS Faculty
