All donations benefit SMS Tuition Assistance & More

Family FUN and more ...Face painting, music, food and drinks
Celebrate Dave's love of St. Margaret & join in to
"make a difference for others"
610-213-8787 / 908-783-2567

Sharing a bit of Dave with Everyone

Dave was born on January 21, 1967. Dave was the second oldest child from a family of five children. Dave grew up in Narberth. As a kid he spent much time at Mapes 5&10 way back when they had a soda/ice cream counter. Dave and his friends would ride bikes daily through the streets of Narberth usually parking at the ballpark. Dave attended **St. Margaret's school graduating in 1981**. It was at St. Margaret's where Dave developed friendships that he remained friends with until his passing. While at St. Margaret's Dave was a student-athlete playing baseball, basketball and football. Dave continued to play basketball through his high school years and adult years at the courts down the Narberth playground. He played in the Narberth Summer league as teenager, and then played pick-up games as an adult on the weekends. Dave attended Archbishop Carroll High School in Radnor, PA graduating in 1985. Dave was also a member of the Carroll basketball team. After high school Dave attended Drexel University in Philadelphia. He majored in business/marketing. He was in a fraternity, Sigma Alpha Mu (Sammy), and was appointed president of his fraternity for two years. After college, Dave was employed as a salesman in Philadelphia and Milwaukee. Dave then moved to Atlanta, GA where he was vice president of medical supply company, Adagen. Dave's personality was so vivacious and infectious. He would brighten up anyone's day with his laughter and love. Dave loved his family and friends as well as his home town of Narberth. During Dave's life he has brought so much of heaven to earth with his kind and caring persona. Dave would be so thrilled knowing what his family, friends and community have done for St. Margaret's School, a school and community he loved so much! Dave's time with us was far too short as he passed May 12, 2005, but his enthusiasm for life and laughter brings a legacy to children of St. Margaret School for years to come.
